

COMPLIMENTARY EDUCATION

Presenting an Educational
Opportunity & Support to Help

At Diedrich, we are about more than just selling machines. We won't just sell you a roaster and walk away.

Diedrich is dedicated to supporting you in every way, beginning with the unique opportunity to learn about your equipment and how to operate it efficiently to maximize your investment.

As part of your purchase, we are offering complimentary access to the Roasting Journeymen Course (a \$1,500 value) presented by our education partner, Firedancer Coffee Consultants.

The classes are taught by Certified AST trainers.

The training in the Complimentary Roasting Journeyman course includes the following:

Get to know your roaster and become familiar with your equipment.

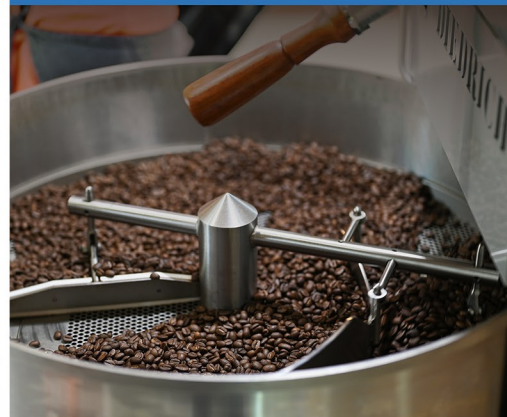

Learn basic roasting principles.

Gain an overview of the industry.

Understand operational safety and efficiency of your roaster.

Important maintenance practices for your roaster to get the best value from your investment.

Roasting Journeyman

For further details about accessing complimentary access and discounts, please contact your sales representative.
